

FORTRAN and LISP Project Status

Paul McJones

25 May 2005

Collecting early FORTRAN

- ▶ Micah Nutt loaned a copy of the microfiche
- ▶ Al Kossow has them for scanning
- ▶ (Image quality may not be too good)

Collecting early LISP

- ▶ Goal: collect source code for system and compiler
- ▶ Began searching approximately three months ago
 - Lisp 1.5 (MIT: IBM 704/709/7090)
 - ▶ Located 1961 assembly listing at MIT Museum; have a scan
 - ▶ Located 1965 CTSS port; Robert Fenichel gave it to me
- ▶ Launched SCC web site recently
 - <http://community.computerhistory.org/scc/projects/LISP>
